

Little Acts = Big Spirit

September 2017 to January 2018 + - MACC Sermon Series Planning (9/14/17 version)

Overview

The power of the Holy Spirit explodes across the book of Acts, transforming the confused and cowering apostles into bold, missional witnesses of Jesus' resurrection, glory, and Gospel. But the story of the Church's miraculous growth extends beyond Peter and Paul to include a wellspring of Spirit-empowered acts of faith among mostly common, easily overlooked people. This Fall and Winter, join us as we see God at work in extraordinary ways through ordinary Christ-followers.
